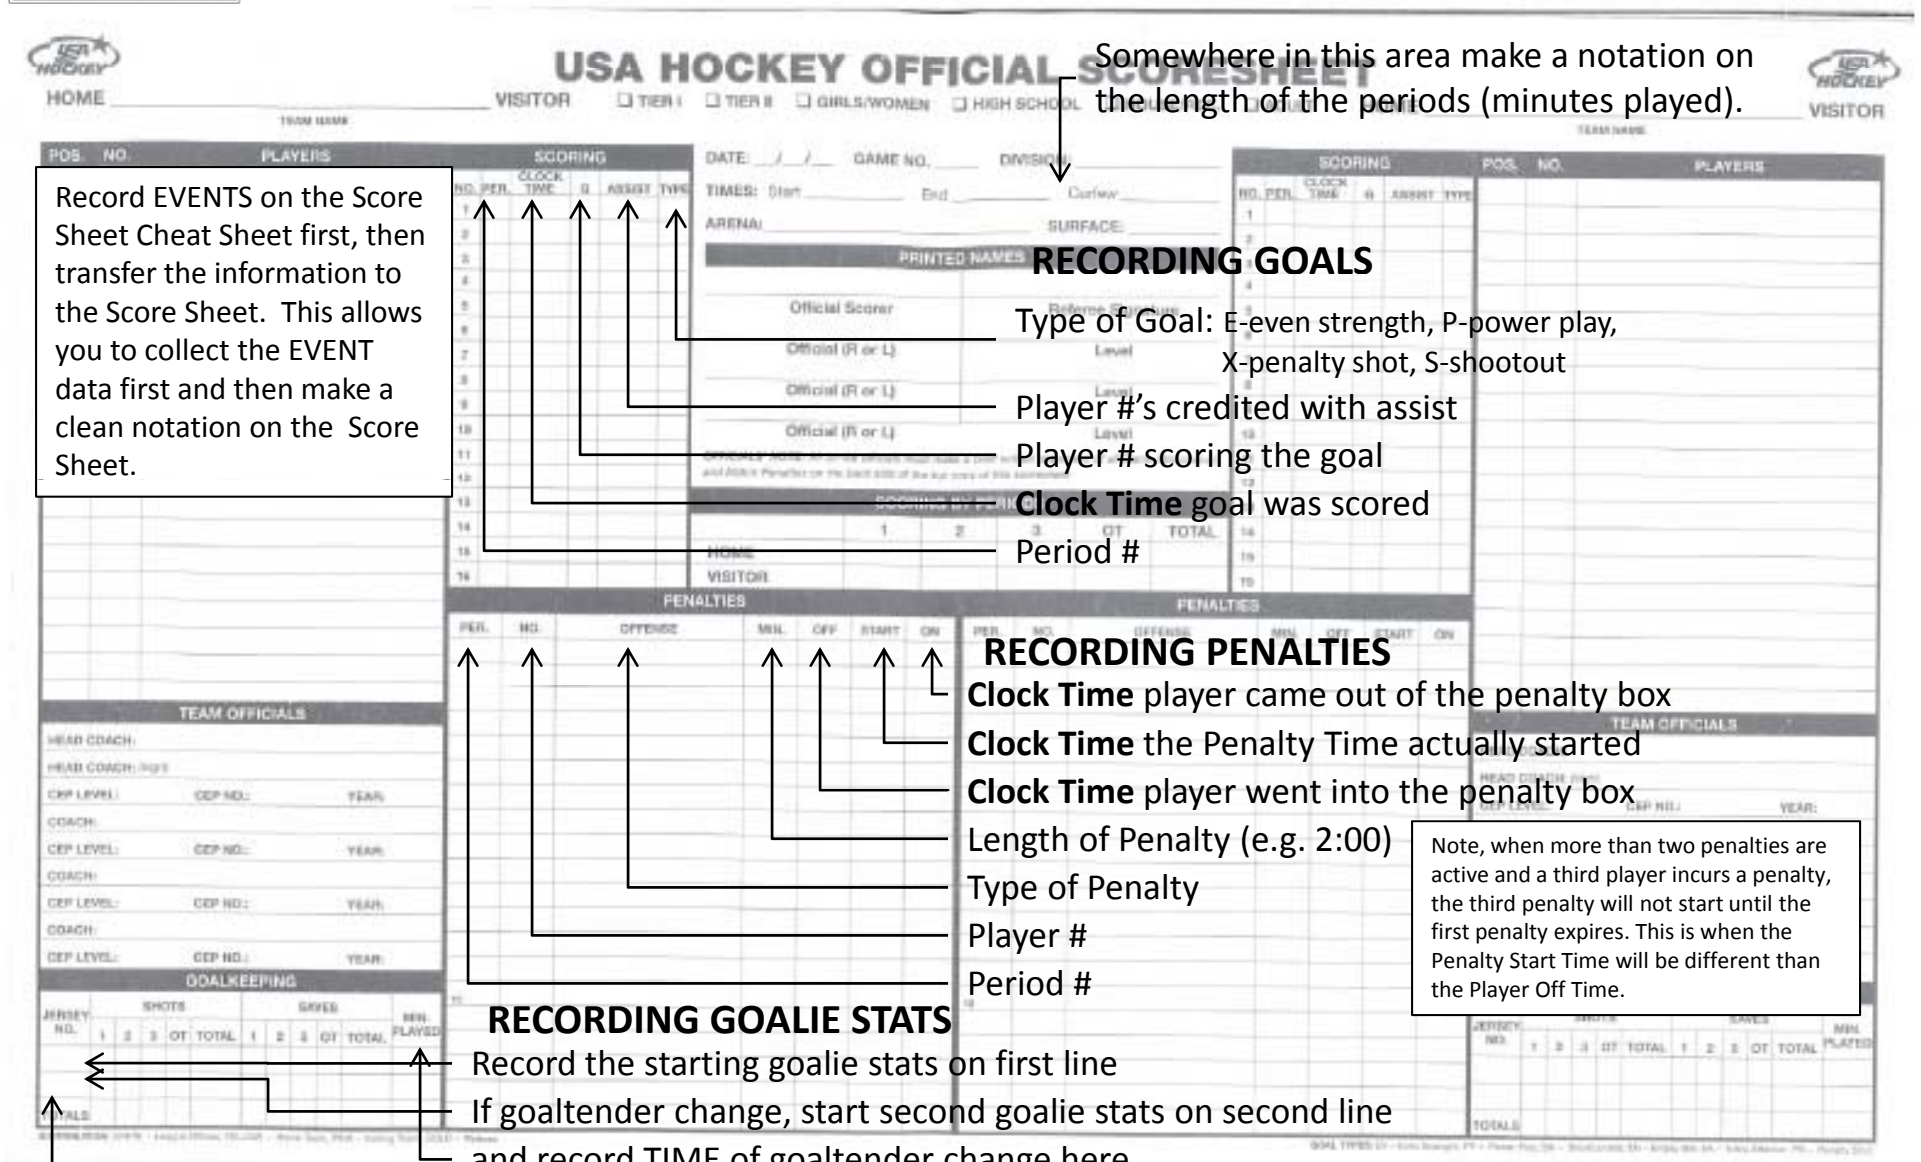
UPPER MIDWEST HIGH SCHOOL ELITE HOCKEY LEAGUE

RECORD ALL TIMES IN **CLOCK TIME**, NOT ELAPSED TIME!



Somewhere in this area make a notation on the length of the periods (minutes played).

Record EVENTS on the Score Sheet Cheat Sheet first, then transfer the information to the Score Sheet. This allows you to collect the EVENT data first and then make a clean notation on the Score Sheet.

RECORDING GOALS

Type of Goal: E-even strength, P-power play, X-penalty shot, S-shootout

Player #'s credited with assist

Player # scoring the goal

Clock Time goal was scored

Period #

RECORDING PENALTIES

Clock Time player came out of the penalty box

Clock Time the Penalty Time actually started

Clock Time player went into the penalty box

Length of Penalty (e.g. 2:00)

Type of Penalty

Player #

Period #

Note, when more than two penalties are active and a third player incurs a penalty, the third penalty will not start until the first penalty expires. This is when the Penalty Start Time will be different than the Player Off Time.

RECORDING GOALIE STATS

Record the starting goalie stats on first line

If goaltender change, start second goalie stats on second line and record TIME of goaltender change here

Note that SHOTS – GOALS = SAVES

Record Goalie # !!!
