- Talie had lots of fun tonight! She's been having a blast and learning new things.
- Coach Peter Leppones  
"Great Job with camp. I have spoken to a few parents, and everyone is really pleased with everything."
- Mackenzie is sad this will be her last day of the camp. It has been a wonderful experience for her. I have some pictures (mostly Mackenzie but some of the other girls). I will send them to you after camp is done so if you want any for the website or future flyers etc. I am going to pass the word around how great your camp was too. Mackenzie definitely wants to attend next year!! Thank you for everything!!  
Dawn
- I just want to tell you that she really enjoyed camp. She definitely learned alot and has improved over the short period of time you and your staff have mentored her. We really appreciate your commitment and dedication and know that the values that you instill in these young girls will be with them forever. Thanks again for making it such a great camp experience and we hope to see you next year.
