NC	0.000

For each class, list the points that correspond with the letter grade for that class. Add all the points together and divide by the total number of classes. If the number is 3.0 or higher, the player qualifies for the Blaine HOOPS Program. Advisory/Homeroom is offered in some middle schools but DOES NOT count towards the GPA. A copy of the student's report card needs to be submitted with this form to qualify. **Report cards with incomplete grades or an F are NOT eligible.**

Please complete the following spreadsheet for your child if their GPA is NOT listed on their report card.

6th – 8th Grade complete the following chart:

Class	Credit	Grade	Points	Total Points
Total Credits				Total Points
				GPA

Every other day classes are only worth a ½ of credit therefore if your child gets a B in that class the points would be 1.5 instead of 3.0. Some classes are worth 2 credits (e.g., ELA); therefore if your child gets a B in that class, he would have 6.0 points instead of 3.0. To calculate the GPA take total points divided by total credit = GPA

Any questions regarding filling out the charts or for home schooling eligibility please contact the HOOPS committee at BlaineHOOPS@yahoo.com.
