

West Covina Youth Soccer League

October 20, 2014 - Fall 2014 Edition - Issue #5

The Referees are a very important part to the games that go on every weekend. The main role of the referee is to make sure that the players respect the official rules of soccer. They must be fit, have good eye sight, be confident and have good communication skills. It is the job of the referee assignor to ensure that all games held by the West Covina Youth Soccer League have a referee present. This position is held by Vanessa Roseli and she does a great job in managing all of the referees schedules, and coordinates with them all of the games to ensure we have the best referees calling our games. We appreciate all of the referees that continue to work with our league to make each game a memorable and positive experience for the children.

Coach's Corner

Direct Players in Games

Game day direction includes figuring out a starting lineup and a substitute plan, relating to officials, opposing coaches and players in an appropriate manner, and making good tactical decisions during games. The focus is not winning at all costs but rather on teaching kids to compete well and do their best while winning within the rules.
