

Creating Customer Account in the Online Store

Please follow the hints below to help you create your family account.

The link you need for the registration page is:

<http://glacierice.maxgalaxy.net/>

On this page you will see “create family account” at the top right corner.

This is your first step and must be completed before you can register for any of our programs in the future.

When you start the process and begin to create the account for the primary account holder, **the primary account should be a Parent**

Fill in the fields and create your password - THIS IS SPECIFIC - must be 8-16 characters, include at least 1 alphabetic letter, 1 numeric entry AND 1 special character (! @ # * = examples)

When your password is approved, at the bottom of screen is a submit button - **DO NOT DO THIS YET**

Look above that - **click on Add Member**

Now you get a new screen with some fields filled in (i.e. address - which can be edited if need be)

Add your significant other - this way we get both of your email addresses and phone numbers.

Now repeat - DO NOT hit submit - once again click Add Member

Add your players - for those of you with more than one hockey player - add them all, even if they are not all doing anything hockey related this spring.

There is a button to select dependent - please select this for all players.

Remember to enter the birth dates of all of your hockey players - This is MANDATORY

Couple things to note:

For parent entries - for the “phone” submission - PLEASE PUT IN YOUR MOBILE PHONE & Select “Cell” in the drop down menu!!!

And if both parents want to receive emails - make sure you fill in the email field with the emails you want used under primary account holder Please don't use ‘throw away’ email addresses.
