

The RSVP function of our Sports Ngin site is in beta test so although we are an early adopter, there are a few things that are slightly different from when they roll this out universally to all Sports Ngin sites.

One big difference is that you have to use the Sports Ngin app (vs the Jr. Sharks App) in order to see/use the new features.

You may already have this app, but if not you can download it here:

Link 1: <https://itunes.apple.com/us/app/sport-nginx/id499597400?mt=8>

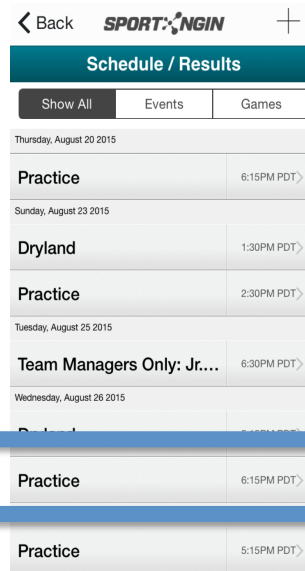

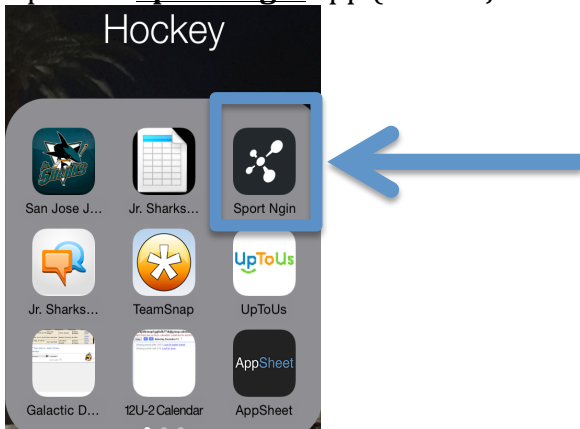

Link 2: <https://play.google.com/store/apps/details?id=com.sportnginx.android&hl=en>

If you have already downloaded these apps, make sure you have the latest version to take advantage of the new features.

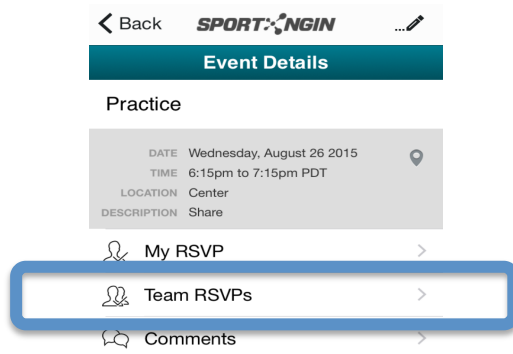

Instructions:

- 1 Open the **Sports Ngin** app (*not* the Jr. Sharks)

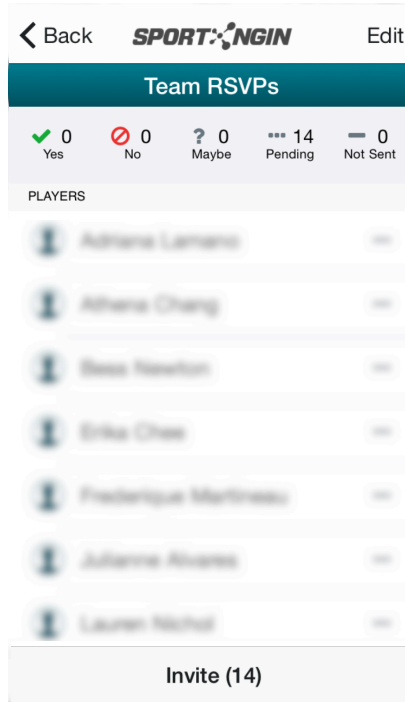

- 2 Click on the event you want to see RSVPs for:

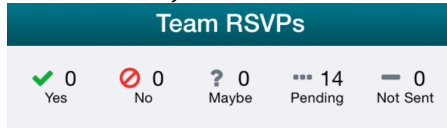

- 3 Click on "Team RSVPs":

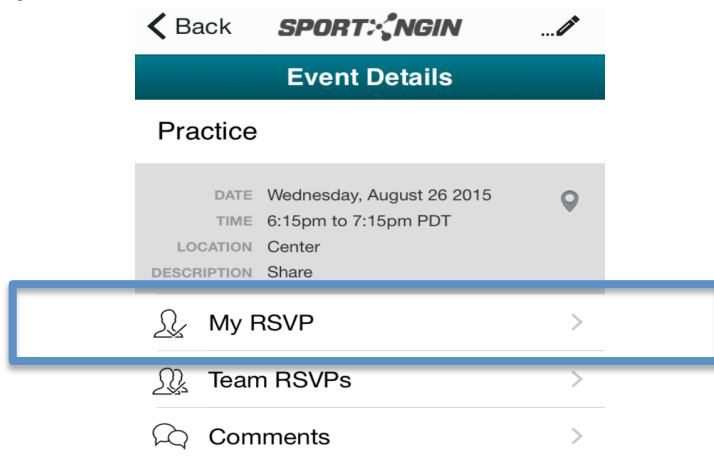

- 4 At this point, you will see how many are coming, how many are not, and how many are undecided.

- 5 To filter for just the “Yes” or “No”s, just click on the icon at the top of the screen:

- 6 NOTE to coaches/team managers with children on the team: Don't forget to RSVP for your own player! Repeat steps 1 & 2, and click on “My RSVP” and choose the appropriate response for your player:

If you have any questions, email your team manager to verify your setup and steps. If you need to escalate, please have your team manager contact Caroline Alemany at calemany@gmail.com.
