

2015-2016 Team Georgia Elementary School Duals

Regular Season Program Rules and Regulations

Overview of program

The primary focus of the Team Georgia Elementary School Duals Program is to grow and develop Georgia wrestling by developing Elementary School Dual teams to introduce them to duals format. This is achieved by building team unity through team competition in a duals environment among the wrestlers that will be attending the same middle/high school.

Guidelines of program

- The Team Georgia Elementary School Duals Program is for any wrestlers, whose age falls between September 1st, 2004 and August 31, 2010.
- Wrestlers that are enrolled in middle school are not eligible, even if their age qualifies them.
- Registration is open to any Sanctioned USA Club or Training Center.
- The head coach is required to keep a binder with the following information for each wrestler on his or her squad: photo, birth certificate, and report card with school name.
- If challenged and the Coach does not have proof, that wrestler will be required to sit out of further duals until such proof can be obtained and given to the Tournament Director or cleared by the Team Georgia Board.
- Wrestlers must be listed and properly documented on the team roster in order to participate. Recruiting is prohibited and the head coach will be penalized for violations according to the Coaches' Code of Conduct.
