

THE WBCA HALL OF FAME

This is the second year that our Hall of Fame has appeared in print, as I continue to fill in some of the missing stories of men who coached our game at its highest level.

I will continue to ask for and accept any information about coaches who have no information on them in the following pages, and add detail to those that have entries.

It is worth it.

There very well may be some mistakes on some of the biographies and again I'll happily accept additions and corrections to any of our 146 member's biographies.

Thanks for your support. ~Joe Waite, January, 2016.
