In this our third season we are excited about the possibilities of our team and are very appreciative of all the hard work that our players and coach's put into our program. So, sit back and enjoy another great season of girls' hockey and as always, thank you for supporting our athletic programs in this district.

W. Bruce Locklear

Once again, we are looking forward to another exciting year in girls' hockey. With the rapid growth of girls' hockey teams on the high school level, girls' Hockey is fast becoming one of the most competitive sports in girls' athletics. This is surely due to the high caliber of competition among these hardworking athletes.

We here at Blaine/Coon Rapids, hope you thoroughly enjoy the 1995-96 hockey season. It is always exciting and as in the past, we will have an outstanding team. Enjoy the season and please continue to support our girls' hockey program.

*In 1925, a women's hockey team took to the ice, on the snow laden campus of the Univ. of Minnesota. Today, the same university has drawn up plans to have women's ice hockey officially sanctioned by the year 1997 over 7 decades after the first women's team dared to step on the ice.*

Thanks to these women, as well as state and federal gender equity laws, high schools are now required to give equal athletic opportunities to boys and girls alike. The addition of girls hockey will help the 65% of MN High Schools that were not in compliance with the law in 1991, according to a MN Dept. of Education survey.

Closer to home, our own Coon Rapids and Blaine girls and their parents had been rallying school board members in 1993, in order to establish an official girl's high school program. With the campaigning a victory, an ice hockey development program was approved for 1993-94, and by 1994-95 school year, girls hockey became a full-fledged interscholastic sport.

With eight teams registered for 1993-94 season, coach Marci Bydlon and assistant coach Jim Bydlon took their first team thru an undefeated season, including the year-end tournament. More importantly, team players

and coaches alike finished with pride, knowing hard work, enthusiasm and dedication had paid off...they had become pioneers in their sport.

In March of 1994, the Minnesota State High School League voted to become the first state to sanction girls' ice hockey. With twenty-four teams registered for 1994-95, Blaine/Coon Rapids would finish second in Section III losing to South St. Paul. Blaine/Coon Rapids would proudly boast an average of 40 shots on goal a game with 17 wins and 3 losses for the season.

With 49 teams registered for the 1995-96 season, the Minnesota High School League will follow the standard format of sections divided geographically for the state playoffs. Just as those first young women took to the ice in 1925, look for the Blaine/Coon Rapids girls to set new standards for athletics, as leaders in their field in the Northwest section, and likely state contenders.
