Message from the General Manager

What a difference a year makes. Last summer there were pockets of "down time" for us to regroup and attack rink projects that are on our to-do list. This summer those windows of opportunity have shrunken considerably and that is good news! We have already had six special events and we're only half way through the month of June. This past Saturday night we held our first Southern Vermont Rockin' Concert Series event. The Fleetwood Mac tribute band TUSK performed at Riley Rink and they were fantastic. The next show will be July 9th when Eaglemania takes the stage. Make sure to take in this exciting night of entertainment. This is the perfect way to spend a summer evening. Bring the family. On a personal level, I want to emphasize how important it is for the local community to support Riley Rink. Whether you consider yourself an "ice season" person or somebody who feels more of a connection during our special events, it's critical to the success of the rink to support Riley Rink on a year round basis. The special events we host have the potential to make a significant impact on the financial stability of our business. We have made great progress in the last year. Let's keep the momentum going.

See you at the rink.

Jon
