A soccer year runs from August of one year through July of the following year. Fall 2016 and Spring 2017 part of the 2016-17 soccer year.
A player's Age Group for the Fall and Spring season is based on the ending season of the soccer year, so the Spring season.

TIP - A quick mental calculation of Age Group is Ending Soccer Year - Birth Year = Age Group
2017 - 2009 = 8 so U8

Fall Season - Pella Soccer Club offers soccer for age groups U5-U19 based on Birth Year of the Player
Spring Season - Pella Soccer Club will offer soccer for age groups U5-U15 based on Birth Year of Player

The above matrix is based on Iowa Soccer Association's Birth Year Matrix linked below.
