

Gloryland in Gloryland  
You're here, in Gloryland

It started with a feeling  
And a dream was born in you  
You hope and pray that come the day  
You'll see the dream come true  
With every passing moment  
You begin to understand  
That you're bound for Gloryland

With a hunger in your heart  
And with a fire in your soul  
With a passion rising higher  
You know that you can reach your goal  
Believe in what you do  
And you'll go straight to see it through  
So see it through  
On the road to Gloryland  
Gloryland, Gloryland  
And I say  
Gloryland, in Gloryland  
It's in your heart  
It's in your hand  
In Gloryland, in Gloryland, in Gloryland  
You're here in Gloryland  
This is Gloryland

As the day gets ever closer  
You are reaching for the sky  
The flames that burn inside  
Are the flames that never die  
When you start to believe  
It's in your heart, it's in your hand  
You know this, is Gloryland

And I say  
Gloryland in Gloryland  
It's in your heart it's in your hand  
You know this, is Gloryland

Gloryland  
Gloryland in Gloryland  
It's in your heart it's in your hand  
In Gloryland hey Gloryland  
You're here in Gloryland

This is Gloryland.
