Please use the space below to provide an explanation of why assistance is required:	

By submitting this form, I understand that the application for financial assistance only applies to club fees. Tournament, travel costs, and other team expenses are not covered by this request.

These fees may be earned, however, through sponsorships or other means and can be handled by the team. I also understand that to be eligible to receive financial assistance, I have to do the following:

- Completed the online registration form at ahwatukeerugbyclub.com
- Submit this form, including signing the below Volunteer Bond Statement

Completing this application does not guarantee that financial assistance will be given to the player. Each application is under review until the applicant is notified by ARC designee. Funds are limited and are awarded on need basis. Financial Assistance can be full or partial The ARC works to provide a place for every child to be able to play within our club, but we may not be able to provide assistance to all. If accepted for financial assistance, a record will be kept of funds earned through sponsorships and other means. In the case of partial financial assistance, money paid to the club by the player is nonrefundable. Sponsorships or money earned by other means are property of the club and are non-refundable in the case of separation of the player from the club.

All recipients of financial assistance are required to volunteer above the normal volunteer requirements of all club members. Volunteer work typical involves field set up of our home game (4) and helping with U14 program, which can include helping with PE classes and league matches.

Volunteer Bond Statement:
I understand that if I receive financial assistance, I am required to work 8 hours of volunteer work for the club. This can be done throughout the year, but must be completed before the end of the season.
