

## Volunteer Deposit

Each FSA family will be required to have a refundable \$100 volunteer deposit on file for Spring Traveling Season due by April 1, 2017. Each FSA family will be required to work 1 shift per player playing this **spring season** in order to have their volunteer deposit refunded. FSA can't function without efforts of every player's family doing their fair share in volunteering. We understand finding extra time to help out is difficult, but we can't rely on the same families to always be helping out. With the help of our FSA families we can put a quality product on the field and can give our players a quality experience.

Each family will need to submit a check made out to FSA in the amount of \$100 or to have a cash deposit on file. Checks may be mailed to the address below. **Player cards will not be released until a volunteer deposit has been received.**

Families will claim volunteer duties/hours on DIBS (on the FSA website) and their hours will be tracked. If your family completes it's required 1 shift per player playing, your check will not be cashed and will be returned or destroyed, your cash will be returned to you.

If your family does NOT complete the required hours, your check or cash will be deposited.

**If you are an FSA board member, coach or head committee member, your time in this capacity serves as your required family volunteer time for the spring season.**

Send checks to:

FSA

PO Box 86

Fairmont, MN 56031

**If you complete your volunteer hours, your check will be destroyed unless we are notified you prefer to have your check mailed back to you. If so please send a SASE to the address above.**
