Ring Sizing Information:

At the bottom of this form is a ring size image, while not 100% accurate, it should be close enough to insure a good fit. Wrap the ring sizer image around your finger with numbers facing out and then use transparent tape to fix it in place. Test the ring size by putting the paper ring sizer over the knuckle. When you have found a good fit, note the ring size number that appears at the end of the Arrow. This is an approximation of your ring size. Please size rings as accurately as possible, there are NO EXCHANGES. We suggest you go a little bit larger.
