

Spring Season 2021

Dear Friends, Family, and Community Partners,

North Mission Viejo Little League has been serving the youth of our community and City of Mission Viejo since 1975. Our 46 years of service has allowed us the honor and privilege to impact the lives of roughly 280 children ranging in ages from 4 to 16 each and every year. Today we have over 12,000 alumni serving our community while passing on the legacy and traditions of this great organization.

LITTLE LEAGUE®'s mission to teach life lessons that build a stronger individual and community through baseball is paramount to a stronger tomorrow. Our goal in NMVLL is all children that want to play baseball are able to play baseball. One way we achieve this goal is to maintain affordable registration fees while providing scholarships to those players unable to meet the financial obligation. As a volunteer run, non-profit organization who strives to provide an inclusive environment and best in class program, NMVLL has looks to our community for support through volunteerism, sponsorships and various fundraising endeavors.

As our children, families and volunteers find their way back onto the field this spring we are humbly asking for your support. Whether you are looking to volunteer, sponsor the league, a team or player NMVLL wants to work with you. We have an opportunity to fit every budget and pride ourselves on flexibility to meet the needs of our partners. Through exposure on and off the field, as well as, being included in our many events we strive to make sure each and every one of our partners are recognized for their support and contributions.

For more information about or league please visit our website at www.nmvll.org. We want to thank you in advance for your time and consideration. On behalf of our players, families, volunteers and Board of Directors we hope to see you at one of our games and thank you for your support of the NMVLL.

Please feel free to contact me directly for any further information or questions.

Respectfully,

Mike Boyd
Sponsorship Coordinator
NMVLL Board of Director
