SUPER Y LEAGUE

SUPER Y LEAGUE

- Summer soccer league with teams from the USA and Canada
- For Elite & Premier Level of Players
- Training & Games June-July & start of August, if needed
- National Finals-at IMG Academy in Bradenton, Florida, in December-This is Optional
- Aim to provide quality training and competition for those serious soccer players at cost.

BENEFITS OF SUPER Y LEAGUE

- **Competition Level:** Central Illinois Elite teams will compete against some of the top clubs in the Midwest throughout the summer with the opportunity to represent the region at the North American Finals in December.
- **Preparation for Fall Season:** The Super Y season can also serve as excellent preparation for players readying themselves for the fall season, whether it's with their high school team or their own club teams. Players participating in Super Y enter the fall season better conditioned and playing at a higher level than those who do not.
- **Additional Training Opportunities:** Players involved with our Super Y League teams will also benefit from unique additional training opportunities that no other players will have access to. This includes but is not limited to; strength and conditioning, position specific clinics and are looking to add video analysis.

BENEFITS OF SUPER Y LEAGUE

- **Coaching Staff:** Teams will be led by Central Illinois Elite professional coaching staff. All coaches are USSF and/or NSCAA licensed and are some of the most knowledgeable and experienced coaches in Central Illinois. All of our staff are committed to developing players in a positive and challenging environment.

- **Affordability:** Central Illinois Elite teams will provide a quality player development environment during the summer months at an affordable price compared to the traditional summer soccer camps and player ID camps players often attend at this time of year.

- **Game Play:** Players invited onto an Elite team will gain the benefits of not only training during the summer months but playing in meaningful games where they can translate ideas from training sessions into their play.
