Mr. Brian Edge

Lake In The Hills Youth Athletic Association
Lake In The Hills, IL 60156

January 27, 2017

Dear Mr. Edge and Parents in the Lake In The Hills Youth Athletic Association,

We would like to express our humble gratitude for your efforts and donation to the Midwest Children's Brain Tumor Center at Advocate Children's Hospital on behalf of the Brian Krueger Memorial Tournament. We continue to be humbled to once again be the recipient and are so honored to accept this in Brian's memory.

This money raised continues to assist the Midwest Children's Brain Tumor Center in providing family support events that offer our patients and their families a time to forget about the hospital and treatments and allows them to have some fun and meet others who share their journey.

Through these events our families are able to support and encourage each other, helping them continue in this difficult time in their lives.

Thank you for keeping Brian's memory alive through this fun tournament. We hope to be able to attend in 2017.

Gratefully yours,

Rita Knapp on behalf of the
Midwest Children's Brain Tumor Center and Pediatric Oncology Group

A handwritten signature in black ink that reads "Rita Knapp".
