1) **SUNDAYS Practice at SHORELAND:**

Please note that each Sunday can be different based on the coach's availability and gym availability. There is a published practice schedule, but please look at the coach's individual team document for the most accurate practice times.

- **JrP6 is in under 6th grade "Y" division under Shoreland**

3) **Attendance at PRACTICES and GAMES:**

- a) I realize that some absences are going to occur from family commitments and illnesses.
- b) However, please make sure that your son is attending all practices and games. Each practice we sharpen and include additional offensive sets, defensive sets, OBplays, Quick-Hitters, etc. Not knowing our method of play impacts a player's and team's performances.
- c) In addition, even though our program stresses family and academics are highly important for our players, we respectfully ask that parents refrain from using missing the Jr. Pacer basketball practices and games as a discipline as a last resort.
- d) Our program's stand is that we respect the parent's choices to discipline their child, but we would also ask parents to understand that not allowing a player to attend practices and games also punishes each player and the team's ability as a whole to develop and execute.
- e) Therefore, I would ask parents to first think of alternative options that would impact only their son without impacting teammates in their quest to maximize their time to develop as basketball players. I would be happy to discuss alternatives that may render similar desired behavior.

- 4) **Schedule for player's Family to Take the Book or Clock** - a schedule that rotates each player's family to be in charge of taking the [book or clock is found HERE](#). Please make sure you have a person that can run the clock or book for the date assigned. It can be a parent, capable sibling, grandparent, friend, etc. Feel free to change with another family. Please let coaches know so they can switch.

4) A Message from the WYBL - [SEASONS AND SPECTATOR EXPECTATIONS](#) (Please Read!)

5) Parent HELP: In each game, we need to have a parent/older sibling/grandparent to help at the scoring table to run either a) the scoreboard (easy) or b) the "book" (easier).

A schedule will get set up where each player's family will be in charge of one WYBL League Week. Please be on the lookout for that.
