

Subject: 2017 Michigan Hockey Prospects

Hello Players and Parents!

With the 2017 off-season about to roll in, we'd like to take a moment to introduce you to the **Michigan Hockey Prospects Camp** and our website: www.michiganhockeyprospects.com

Michigan Hockey Prospects was created last year by Chris Green (Davenport University) and Mark Beaufait (Professional Player) with the sole purpose of getting players **prepared for the upcoming season**.

Summer time is the best time to focus on **individual** skills that coaches do not spend enough time on during the year.

The 2017 MHP camps will be broken down to reinforce the individual **skills** needed for players to excel on their fall teams.

This summer we have 2 camp opportunities.
