Coaching Philosophy:

Hockey is the greatest game there is! I enjoy making my players a more complete player by teaching them skill development and knowledge of the game. I will always bring a positive attitude and I expect the same out of my players. Hard work, dedication, teamwork and respect for your teammates and the officials are hallmarks of my teams.

Quote from a previous player:

"Coach Germann is the only coach I have ever had that went above and beyond teaching me the game of hockey" – Anonymous
