

College Fit Finder

Your manager needs to first enter you onto the team. Once this is done, you can access your account as follows.

To access the College Fit Finder, go to www.collegefitfinder.com. Your username and password are both your first and last name, all lower case, like stacyallen. If there is already a stacyallen, then it will be stacyallen1, stacyallen2, stacyallen3, etc.

We have video tutorials on the website as well if you need help with the program. <http://www.collegefitfinder.com/features/>

Player Profile

You also have access to an online player profile at www.elitescoutnet.com. Your username and password are also your first and last name, all lower case with one dash, like stacy-allen.

Your URL to send to coaches is www.elitescoutnet.com/members/username (where "username" is your personal username).

Here is a sample profile for reference. Remember, the more thorough you are, the more college coaches can get to know you as a student athlete. <https://elitescoutnet.com/members/sampleprofile1/>

Username and Passwords for TEAM MANAGERS

Team managers can also log into the system to oversee their individual team and keep the team brochure and player profiles up to date, if needed.

Please contact your club administrator, Darlene Quintanar at DarleneQuintanar@gmail.com, for your username and password.

Team Managers can log in at <https://elitescoutnet.com/team-admin/>
