

2020 Website Ad Sponsorship

The Lake Erie Warhawks is an elite travel baseball program based in Lorain County, Ohio, dedicated to training and preparing players to continue their careers in high school, college and beyond. Our trainers and coaches have professional and collegiate baseball experience and our teams compete in the most competitive leagues and tournaments in the Midwest. We train year-round in our state-of-the-art training facility at Oberlin College and our coaches and trainers are proud to help our players earn college baseball scholarships and play professionally.

We offset the cost of this training through our corporate sponsorship program, which also provides companies with visibility to more than 30,000 annual website visitors. 100% of the proceeds from this sponsorship program pay for uniforms, equipment, training and tournaments.
