

Team Parent/Team Manager Responsibilities

To ensure consistency across our basketball programs, the following outlines the responsibilities of a Team Parent. Please do not volunteer if you are unable to attend most games or complete the duties listed below.

*For the travel basketball program, being a team parent/manager fulfills the volunteer DIBS requirement for the season.

1. Communicate practice and game schedules, expected arrival times, etc. on a weekly basis to all parents via the SportsEngine app.
2. Keep official score book or run the score clock at games. You can also create and manage a sign-up for other parents on the team to volunteer.
3. Any additional tasks the coach or assistant may require (ex. uniform pick-up, equipment drop-off, communicate additional events/outings planned).
