

DYNASTY LESSON INFORMATION

Demand is at an all-time high for personal volleyball instruction / lessons. All of the Dynasty coaches are available for volleyball lessons if a coach chooses to offer them. Each coach is an independent contractor when it comes to giving lessons. The club does not endorse one coach over another when it comes to lessons. As a general rule, coaches are discouraged from giving lessons to players on their personal teams to avoid any apparent conflict of interest. The following coaches have been employed by Dynasty for five or more seasons and have produced at the highest level.

Bryon Larson –
