Work to get those families to sign up for volunteering
- Fueling Station update:** Jenna is contact and she's booked for the rest of the season
Will address this during the summer for next year's season
Will create volunteer spot for someone to organize
- Summer programming:** No summer basketball-specific training programs for players
Could we do something for the program?
- Girls training - fitness program next to MDB with cost for players
Split between player and booster club
- Is it parent or coach driven
Weight lifting? Skill work?
Do we pay someone to specifically work with our players?
Do we create clinics for this?
- How do we help create chemistry on the team - doesn't seem to
feel like a "team" - could more summer specific training,
etc., help with being competitive, and "bonding as a team"?
- Coaches Corner:** No coach representation

Meeting Adjourned at 7:50pm
