

## Steps to take if there are weather or field issues

1) Check with Tracy Closson to see if the fields are playable:

2) If fields are NOT playable or it is storming

- a) Contact the other team's head coach to cancel (contact info on Tri-County website)
- b) Contact the umpire to cancel (they should have contacted you to give it to them)
- c) If you don't have the umpire's contact info, contact Marie Jacob (see #4)

3) Once games are cancelled, find a couple possible dates for a make-up and check the Google Calendar to see if the fields are open. If you can't access the Google Calendar- contact Jon Graff to see if the field is available:

4) Once a field has been reserved, contact Marie Jacob to see if she can get an umpire to work it (she is already umpiring a bunch of the games). Be sure to let her know the game info (ex: 10U Gold, what field you'll be on and the date/time of the game):

5) After the decision to cancel and reschedule, contact dibs coordinator, Christie Balster to cancel and reschedule concession and field prep workers. Once you have a date for the reschedule, contact dibs coordinator again so volunteer opportunities can be updated.
