

“One Team One Dream” Summer Hockey Camp

My goal for the summer hockey program is to provide an environment where players are challenged to get “outside” their comfort zone. As an example, it’s not challenging for any of them to skate from one end of the rink to the other at 10 mph, because anyone who can skate does that with ease. The challenge is to skate under pressure, with a puck, head up, through traffic faster than anyone else. In order to accomplish this, they need to be pushed in an environment that’s conducive to learning. Meaning, I hope they try so hard they fail and fall down. They will be encouraged to get to that place and when they fall and fail they will be commended. Improvement at that point has just begun.

This summer program will be for all 9th – 12th grade boys that are not Bantam Eligible anymore.
