

All-Star – Parents Creed

\$125 Fee (non-refundable) - MOYSC pays for the player hat & two shirts, Centex Series registration fees

It is NOT required that all players play in the game. This is only a MOYSC League Play requirement. The selected player may or may not play the position or bat in the order that was played/batted during the spring season. Player's position is up to the coach and will be based on what is needed to help the team win.

All Star selection is a privilege and if selected, requires a solid commitment from coaches, players and parents. MOYSC expects parents to abide by coaching staff's decisions with respect to their child.

MOYSC expects parents to behave appropriately in practices, scrimmage games, and tournaments. Your attitude and behavior is a reflection of the MOYSC league.

MOYSC will have a zero tolerance stance on any player, coach, parent, or spectator for a MOYSC team, for any type of confrontation, immediate removal will be the possible outcome.

Player must submit a copy of the birth certificate to the all-star coach or team bookkeeper as soon as possible.

The player hasn't played for an open, select or tournament team in a sanctioned tournament like Nations, Super Series, USSSA, Triple Crowne or other between March 1st, 2018, and June 1st, 2018

All Star practice times and frequency is up to the head coach. Coaches expectations are as follows but not limited to:

- All players will attend all practices and game as required unless otherwise excused by the coach
- Players will notify coaches in a timely manner of any practice or game that will be missed
- Coaches may or may not have practice during the heat of the day to help condition players for tournament play
- If an issues arises where a parent does not agree with a coach's decision during the game or practice, the issue should be discussed 24 hours after the event
- Coaches are expected to notify players of any schedule changes in a timely manner
- Alternates should be ready if called upon to practice or play based on the need of the team upon being called up their \$125.00 must be paid

Parents do not coach from the stands, this is very hard with the excitement of the game but a coach at times will instruct players to make certain plays and coaching from the stands creates confusion on the field.

Parent's that cannot follow these expectations and it is brought to the attention of the league commissioner, will have a meeting with the head coach and said commissioner to address the situation. Following this meeting a player can be removed from an All Star team for a parent's behavior. Please take in consideration that when used in this document "parents" refers to all relatives and friends representing a player. Thank you.
