

# HOW TO COMPLETE THE WIVL MEDICAL WAIVER & CONCUSSION FORM

The volleyball league (WIVL) is run through the Great Northwest Basketball League website. **Make sure you are logged into SportsEngine to complete the waiver.**

Visit [www.gnbl.org](http://www.gnbl.org) and select Waiver/Concussion Info from the main toolbar.

**To submit the 2025-2026 Liability Waiver/Concussion Agreements online, parents/guardians (or a coach who does not have a child on the team) will need to:**

- Create a membership to the website by clicking the "Create an account" tab at the top of the website page (or Login if you already have an account). We require parents/guardians to become members as a way to establish that it is the parent/guardian who is electronically signing the Liability Waiver/Concussion Agreement.
- All coaches and assistant coaches are also required to complete the online Wavier/Concussion Agreement. The Coach Concussion Agreement has been made a part of the Parent/Guardian Liability Waiver/Concussion Agreement - so if you have signed this document for your child, *you are good to go*. If you are coaching and **do not** have a child participating, please complete the Liability Waiver/Concussion Agreement form using **your own name** instead of the player name.

Once you are logged-in, simply click the following link and fill in the required information to submit the Liability Waiver/Concussion Agreement for your child using our online system.
