

4/13/2020 - Online

Attended - Hannah, Mary, Joe, Kristina, Maggie, Sandie

- Dates stated in the email letter from Joe may or may not be accurate at this point.
- We will go with those dates at this point but need to continue to play it by ear
- Joe and Mary think we could “possibly” think of July for a starting point
- Current issues - only about 60 people registered, no jersey orders, worried that if people take this summer off then we will not have many people registering in the future - specifically need older girls
- Worst case scenario we have a couple round robin tournaments within the league just to get the kids interacting
- Order uniforms for this year but order T-shirts to stay on the cheap side
- Even if everything opens back up, will people want to go out and be involved?
- Can we get 40 more people to sign up AND are people going to need money back because they are unemployed?
 - Possibly give people the option to transfer to the next season or give full refunds to everyone
- Sponsors that have not paid may not be able to - not the time to go asking
- Need to be careful to keep the cost down this year
- Some type of survey to get feedback from people about their opinions for summer play
- All in this together, not like one league will do it and one won't - people understand that there are not answers right now
- Get back to the basics and be together - maybe a rise in numbers next year?
- How do we recruit when we don't have a for sure answer on if and when we will start?
 - Run a list and see who is missing from last year - Maggie will do this
- We have enough coaches - Joe is not worried about coaching
- Consensus is to proceed going forward by pushing things back and send out letter to families, keep the cost as low as possible this year
- Tournament - not sure yet but may have more teams sign up because earlier tournaments are cancelled
 - Wait and see at this point - pretend like it is to be prepared for if it does happen
 - Decision must be made 4 weeks prior to tournament
- Concessions - reservations about food being served/together in concession stand?
 - Limit menu - no more than 2 people in at a time
 - Burgers prepped ahead of time to limit number of people dealing with open food
