Crab rack event-February 16, 2013

Some pundits would suggest that having this event on a 3-day holiday week end, such as, President's Day, (Monday the 18th) is not a good idea. However, empirical proof is in the club's CC file to indicate that is not necessary so. It depends on the weather, when the actual date of President's date falls, e.g. Friday, Saturday, Sunday, Monday-you get the idea. This CC had to work around club activities. Such as:

Tahoe Ski Trip January 27-February 1, 2013. Sold out-50 people. GFAC-sold out. February 9th.

GFAC-available for BBS event. Montana aviator group other bar area.

Targhee ski trip. February 21-24, 2013.

GFAC-sold out-February 23th.

The January Mogul issue had another article on the front page and apparently the CC did not catch the eyes of club members or the general public.

The January issue had conflicting prices for the CC event. \$29.00/\$32.00 in the narrative article Vs \$28/\$30.00 on the reservation form.

The February issue was late due to printer problems. The replacement printer ran out of staples; on 2/5/2013 200 copies went to auto-sort. My copy arrived on 2/8/13.

Meanwhile I made 100 sets of the January article & membership form to mail out or leave at various shops that cater to skiers I made 300 sticky labels featuring a crab to affix to the above 100 sets and the January issues of the Mogul I left at the shops. With the January BOD approval-Ruby sent constant contact dated 1/20/13 and 2/7/13. At the February BOD meeting Ruby reported the constant contact goes to less than 85 people as I recall.

I called people on the previous CC lists to alert them to the event. Many people I called do not know if they belong/ do not belong to the club. Some had read my 3 page letter I had sent and had not yet acted on it. Some have moved or changed their e-mail addresses, or did not get the Mogul, but got the constant contact alerts.

After a hiatus of three years; we brought back the raffle event.
