# BECOME A SPONSOR

## 2025-2026

*Support Beyond Limits and our  
Community of Local Students & Families*

## Join Us in Our Efforts to Inspire Local Youth Excellence – in the classroom and in our community!

Picture yourself in the stands at your favorite sport, overlooking the court, field, rink, etc. What do you see in the background? Corporate logos! Corporations pay millions of dollars each year for sponsorship for one reason: **IT WORKS!** Sponsorship is a form of advertising that increases brand awareness and pays significant returns.

**Your local businesses can gain this same benefit, with the bonus of making a real difference in our local community, by supporting the Beyond Limits Academic Program.**

Beyond Limits helps local students develop academic confidence – with a focus on economically disadvantaged students - through our provision of high-quality, subsidized, peer-to-peer academic tutoring, enrichment programming, informal mentoring, and academic advocacy.

Beyond Limits strikes at the heart of the opportunity gap which confronts our society's lower-income students. We support over **250+ students** each year, with highly subsidized tutoring fees for our participants. Our growth and success reflect the perceived value of our unique academic support model.

Beyond Limits provides:

- **Academic Tutoring** – High-quality, subsidized, peer-to-peer tutoring in math and science for 4<sup>th</sup> through 10<sup>th</sup> grade students.
- **Enrichment Programming** – Workshops and special events covering topics such as writing, time management and organizational skills, critical thinking, computer science and more. Plus summer programming that includes 6<sup>th</sup> and 9<sup>th</sup>-grade preparatory “bridge” programs.
- **Informal Mentoring** – supporting participants academically and social-emotionally as they transition into, through and beyond 4<sup>th</sup> through 10<sup>th</sup> grade.
- **Academic Advocacy** – We actively partner with parents, teachers, and administrators as important shared advocates for our students.

You can learn more about our programming and our impact on our [website](#).

As a 501(c)(3) not-for-profit organization, we rely on the support of local businesses and community partners to help every child receive the academic support he or she needs to succeed, in the classroom and beyond.

**Over 250 young people and families are supported each year by Beyond Limits in some meaningful way. Please help us to positively impact even more lives – become a Sponsor today!**
