

March 21, 2020

Elkhorn Athletic Association Family:

It seems like every day there is a new Federal, State or Local update on the Coronavirus (COVID-19) that requires attention, contingency planning and additional communication. As previously committed, the health and safety of our players, parents and coaches are our primary concerns. EAA will follow the current mandate and guidance shutting down all team activities until at least April 30, 2020. All practices, scrimmages, events and/or games (including tournaments), scheduled prior to April 30th will be postponed due to the governmental mandate. We remain committed to providing our athletes with spring/summer programming and we will resume regular operations as soon as it is deemed safe.

We are not unlike other organizations and business' trying to respond to the ever-changing situation and processing all the critical information. The EAA team continues to work and plan for the future but we understand there is a lot of uncertainty for everyone. There have been a few inquiries about refunds and our position is we are not issuing or considering refunds until we have a definitive plan for the season. This approach is consistent with the other area youth sports organizations.

Thank you all for understanding and your ongoing support during this unprecedented generational global crisis. We look forward to kids being back on the fields playing games they love soon.
