

1) Put username and password in. You should see the yellow triangle in upper right corner. If not email me. Click 2018 League Standings and select your league

2) Select Game Schedule

3) Select your date of your game. Select your game out of the Status column.

4) Click the switch in the upper right corner. Select Quick Score.

Quick Score Game:
 Enter the home status and scores for each team. Quick Score functions only for game result reporting purposes only. Games entered in this way do not affect league and player statistics until team and player statistics are updated.
