

**As of Tuesday, June 1st**, please follow the below drop off/pick up policy and procedures for all Jam Hops recreational level classes. Competitive gymnasts, competitive dancers, and theater students will receive a separate communication if there are alternate procedures to follow. If you don't receive a communication, then continue the procedure you are currently following.

## **Jam Hops Drop Off/Pick-Up Information for both locations:**

**Children ages 18 months to 5 years** - Children ages 5 and under will have a parent/guardian bring them to class and stay for the duration of their class. Seating is set up based on capacity guidelines. No chairs are allowed to be brought in. Please use hand sanitizer upon entering Jam Hops. You may then proceed to the class waiting location to wait for the instructor.

**Drop off for children ages 6 and older** – Please park and walk your child to class or drop your child off in the drop off lane if they are an older student. The cubbies in the main gym are available for students to use for their belongings, and water bottles should be brought with them to class. Those ages 6 and older, who are not vaccinated, are encouraged to wear their masks in compliance with CDC and MDH Guidelines.

**Pick up-** Please park in a parking spot and walk to meet your child after class.
