

BYBS (Berlin Youth Baseball & Softball) Parents Guide for Sports Engine

Sports Engine is a team management solution that Berlin Youth Baseball & Softball takes advantage of and is the preferred method for Parents to receive communicate from both their team & the league. Sports Engine is an important method BYBS uses to send out league-wide communications such as weather cancellations.

Who is this for? All parents of any age group registered for BYBS ball.

NOTE*: For Coach Pitch & T-Ball communications, all communications and game schedules found in Sports Engine are sent league-wide, thus the individual coaches for Coach Pitch & T-Ball do not send out team-specific communications in Sports Engine.

LOGIN

Mobile App (preferred): In the Apple/Google app store, download “Sports Engine Team Management”

Website: If you prefer using a computer, you can do the same activities here => <https://my.sportngin.com/>

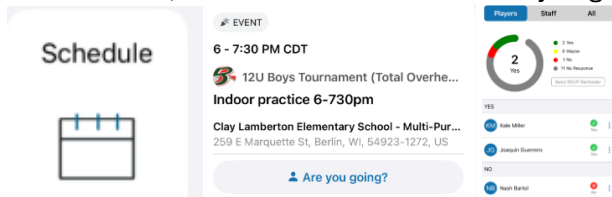

Username/password: Use the same login information you used to register your child for ball.

Note: Upon login, if your child’s team is missing, click “+Add Team” and do a “Team Search”

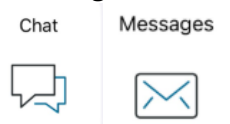

PRACTICES/GAMES SCHEDULE

Your coach has the option to add your team practices & games for your team in Sports Engine. If they chose to do so, you can click “Schedule”, to view them and RSVP “Are you going?”.

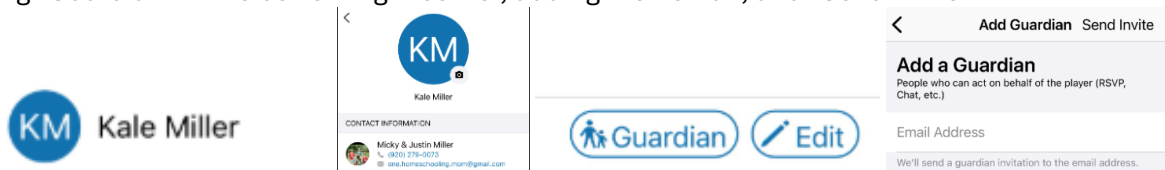

CHAT

If you have questions for your coach or team such as Game Location, Weather updates, etc. simply click “Chat” and it will send a message to the whole team. If you prefer a direct message to the coach use “Messages”.

ADDING A PARENT/GUARDIAN

If a Parent or Legal Guardian is missing from your child’s profile, you can add them yourself by clicking on your child, and clicking “Guardian” in the bottom right corner, adding their email, and “Send Invite”

ADD GAMES/PRACTICES TO YOUR PHONE CALENDAR

Your full team schedule can be added to your Mobile Phone calendar, just click “Schedule”, on the bottom left corner click “Subscribe”, then follow the instructions for your Apple or Google calendar.
