Final Score:

If a pitcher reaches 60 pitches in the middle of a batter, they may finish the batter and exceed 60 pitches with no penalty to rest days. However, if a pitcher reaches a count that will affect their days rest, they may not finish the batter and keep the lower days rest. For example, if a pitcher reaches 30 pitches in the middle of a batter, one more pitch will result in one (1) day of rest.

Final Score:

Line through number as pitch is thrown.			O- Circle number for last pitch thrown in half inning.
