Community Guests: Joseph Fitek, Duane Berg

Absent: Matt Hell

Meet Called to Order by: Ashley Seim

Review and Approval of Meeting Minutes and Financials: 1- J. Stromberg 2- Y. Syrup

OLD BUSINESS

Community Building Committee Update

The Community Forum went well on May 29th - good questions and conversations. Forum generated a donation to the project. Fundraiser Gala takes place next week - Wednesday June 26th - invite only, invite list was generated off of previous donors (baseball complex) and other community members - community building committee was asked to use some of the donation of 100k from hockey gaming to host gala to generate funds for the project.

Splash Pad Equipment Building

Crew is coming this week (week of June 17th) or the following week. They ran into issues with groundwater while on site the previous time. They are hoping to complete their portion of the project when they come. After that, the splash pad install will need to wait until the building, electrical and waterline portions of the project are complete.

Ashley will talk with Jeremy in regard to the bid he is giving us.

Park Signs

Misty is waiting for reimbursement from the Economic Development board - Nancy will be issuing the check. Ashley will ask her about it when she turns in sales tax increase forms.

Fundraising -

Parks and Rec will hold off on running the Horse Trot Poop Fundraiser due to lack of help and ability to get it going in time for July 4th.

Frisbee Golf Course -

Disc Baskets were supposed to arrive on Friday June 14th but did not. Misty called Thomas from the company and he looked up their whereabouts. He said they are scheduled to be delivered June 18th or 19th.

Irrigation-

No updates

Pool Update-

Repair took place in May. The repairs did not fully work and the water drained out the side of the hill as it did during the summer of 2023. Josh scheduled an on site appointment with a new detection company. They are scheduled to come on June 18th between 10-11

New Business

Grass Along N/S Bike Path

Joel Hylden asked if he could plant different varieties of no mow grass in between the rocks along the path. He said it only would need to be mowed once a year and would spruce up the path.

Approval of No Mow Grass to Be Planted In Between Rocks Along N/S Bike Path

1. J. Stromberg 2. D. Irvine

Tire Park - Veterans

Lonny Sangrait has donated tires to be used for parks and recreation. Misty, Stephen and Duane are working to come up with ideas.

Motion to Approve Bills- 1. J. Stromberg 2. Y. Syrup

OPEN DISCUSSION - NA
