

# IGHHA Board of Director Application

**Name:** Dan Webinger

**Email Address:** ighhventures@gmail.com

**Why are you interested in running for the IGHHA Board of Directors?**

I have two daughters. Both were interested in the hockey program. I thought there would be an opportunity to add value as a volunteer.

**What skills would you bring to the IGHHA Board of Directors?**

My background is in sales. I wanted to participate with my skills, and help provide alternative association funding opportunities. My goal was to keep registration costs as low as possible for our families.

**Number of children in IGHHA program:**

I have two daughters. One is currently in the high school program and the other is a U10. Both have loved their experience. I believe the relationships they have established will last a lifetime.

**Additional information you would like to share:**

I believe that I have done a lot of good in my tenure with the board. We have doubled the amount of dasher advertisements, secured uniform sponsorships, and even wrapped the Zambonis. This has increased our association revenue and allowed us to keep our registration fees flat. There is more I would like to do, and welcome the chance to do so.
