Quarantine for 10 days after the confirmed positive case

You may return to MYS activities when quarantine is complete AND you are symptom free for 24 hours without the use of medication.

### Communication Procedures

Open and honest communication regarding each athlete's health will be the key to MYS maintaining a healthy and safe environment. If an athlete is experiencing any sickness symptoms, please take them seriously and stay home. We have implemented many additional safety precautions, however we need your help as well. MYS Board Members and Coaches reserve the right to send athletes home that are showing symptoms of sickness.

MYS will notify athletes that are directly affected by any known Covid-19 cases. This will be on a case by case basis!
