USA Softball Overview

Teams affiliated with USA Softball of Sacramento are a vital part of the National Governing Body of Softball of the United States. As such, the teams enjoy the following:

Governing Body of Softball. USA Softball is the National Governing Body (NGB) of Softball in the United States as approved by the U.S. Congress and accepted by the U.S. Olympic Committee (USOC) and the World Baseball Softball Confederation (WBSC). As the NGB USA Softball is the only softball organization authorized to represent the United States of America in the sport of softball.

Standard Eligibility and Playing Rules. All USA Softball registered teams throughout our country are governed by the same basic eligibility and playing rules, thus ensuring fair competition in Championship Play. Player eligibility is governed by the USA Softball Code and Procedural Manual. The Pacific Coast Region and USA Softball of Sacramento have additional eligibility requirements which are further defined in this publication.

Team Classification. USA Softball of Sacramento has a classification code to help ensure that teams and players with dominant softball playing ability do not play in lower classifications. However, teams and players may request reclassification for eligibility to compete in a lower classification.

Championship Play. Championship Play may be scheduled for the following classifications: Gold, "A", "B" and "C" in the Age Classifications of 18u, 16u, 14u, 12u, 10u, 8u.

Junior Olympic Age Classification. The age cutoff date is December 31 of each year. Please see the Junior Olympic Age Qualification Chart (Appendix E). (Note: Age cutoff date will change to September 1, beginning September 2023 – USA Code Change)

Gold Classification (Travel). Gold Classification is only available in the 16u and 18u age divisions. The Gold classification include the most advanced Junior Olympic fast pitch players and teams. Teams at this level have competed and qualified for advancement to the Gold USA National Championship.

"A" Classification (Travel). This is an open level of play and can be highly competitive with most players having consistent ability and pitchers can control a game. Qualifying teams at this level advance to the USA Softball "A" National Championship or to the Western USA Softball "A" National Championship in their respective age classification.

"B" Classification (Select / All-Stars). This level of play is for recreation leagues. Only USA Softball approved recreation league teams, league All-Star teams or Select teams are eligible to participate in these championships.

"C" Classification (All-Stars). This classification is for recreation leagues only and is explicitly for less competitive leagues. The "C" classification has been established to afford meaningful competition for leagues and teams that are unable to compete in the "B" classification because of the size of the league and/or the level of softball skills. Only league teams or league All-Star teams are eligible to participate in these championships.

Recreational League FAQ

- Q. Regarding eligibility, there are USA Softball of Sacramento rules, USA Softball Pacific Coast Region rules and the USA Softball Code. Which has priority?**
- A. Eligibility rules begin with the USA Softball Code. However, the USA Softball Code is sometimes general and for that reason the Pacific Coast Region expands some rules to clarify their application to the region. In turn, USA Softball of Sacramento further expands on those rules to better fit the situation for our local program. The USA Softball of Sacramento expanded rules may not conflict with the USA Softball Pacific Coast Region rules and the region rules may not conflict with the USA Softball Code.
- Q. May a player participate with a travel team and then participate on an All-Star Team?**
- A. A player may participate with a travel team and remain eligible for All-Star Team selection if that player stops participating with the travel team before **March 31st** of the current year. However if several players on the same team do it, they could violate other eligibility rules.
- Q. How does USA Softball of Sacramento define “participate” or “participation”?**
- A. A player taking part in a tryout, workout, practice, practice game, game, or tournament.
- Q. What happens to a player who drops from a travel team before March 31st and is then not selected for an All-Star Team?**
- A. The player may re-join the original travel team or join another travel team.
- Q. May a player participating in two (2) leagues be selected to an All-Star Team?**
- A. Yes, but only in one (1) league. The player must, by **March 31st** of the current year, declare in which league they wish to be considered for All-Star selection.
- Q. May a 10 year old player who participated with a 12u team during league play be selected for a 10t All-Star team?**
- A. Yes, providing the player meets all other eligibility requirements and that your league allows it.
- Q. May a league team enter any event without approval of the league?**
- A. No.
- Q. May a league that has been classified “B” reapply for “C” Classification?**
- A. A league that has been classified “B” may submit a “C” Eligibility Request Form
- Q. Can the USA Softball of Sacramento eligibility rules be changed?**
- A. Yes, they are reviewed annually and decided on solely by the USA Softball of Sacramento office. Membership is encouraged to submit proposed changes in writing for the review by our staff.
- Q. What is the Select Program?**
- A. The USA Softball of Sacramento Select program is designed to create a more competitive environment for players to participate in while still remaining in a recreational league setting.

This program will allow USA Softball recreational leagues to form a team to represent their league in the Select program.

Q. Is Select also known as “Comp”?

A. While Select is definitely a more competitive environment for your above-average Rec players, it is not Comp in the “Travel/A ball” sense. Essentially, the Select program is a way for leagues to allow their first All-Star team an opportunity to form early in the year, then opening up another opportunity for a secondary All-Star team come May 1st if desired.

Q. Who is eligible to play on a Select team?

A. Only players that live or go to school within the league’s boundaries are eligible for Select. USA Softball reserves the right to grant waivers for special circumstances.

Q. Do Select players also play on a Rec team?

A. It is each league’s decision as to whether or not Select players should also play in the regular Rec league, but USA Softball of Sacramento is recommending that they do play Rec in an effort to build a stronger recreational league. The tournament schedule is built so that there is as little conflict as possible with the regular Rec league season.

Q. If playing Rec also, wouldn’t practicing for two teams elicit burnout?

A. Keep in mind the Rec season is relatively short (March-May), and should always come first (practices and games). It is suggested that Select players practice hard with their Select coaches January-March. Starting in March, Select players will practice with their Rec teams for the season, possibly coming together on non-tournament Sundays to practice with their Select team, and then of course for tournaments.

Q. What do I do if the regular rec commitment conflicts with the Select commitment?

A. There should not be a conflict. We have worked to ensure the Select tournament schedule has very little, if any, overlap with the regular season Rec ball. We publish the schedule well in advance so the Board can avoid games on the 1 or 2 potential conflicting Saturdays. A player should never be forced to pick between Rec and Select.

Q. How long is the Select season?

A. Specific Select tournaments (including Nationals) run through late July/early August. However, the intent is that the Select team stay together and play through Fall (picking up players as needed). Fall options would be NorCal Fall Ball or participating in A tournaments if allowed by the individual league. (Since eligibility ‘resets’ January 1, playing A ball in Fall does not jeopardize rec eligibility in Spring the following year.)

Q. Is the goal of the Select program to convert Select teams to A teams the following year?

A. No. The goal of the Select program is to give advanced recreational players an opportunity to play at a competitive level. The idea is to have these girls continue participation in the Select program year after year increasing the level of play over time. The younger regular recreational players will aspire to be Select players.

Championship Play Rosters & Guidelines

CHAMPIONSHIP PLAY

Championship Play is a tournament or competition from which the winner or the winner and other selected teams may advance to higher levels of play of USA Softball. The following events are considered Championship Play:

- Local Association Championships
- Regional Championships
- National Tournaments
- National Championship Finals

ROSTERS

Teams must compete with the same roster in all Championship Play, except teams are allowed to pick up three players when advancing in Championship Play.

1. Number of Players

A maximum of 20 players, including pick-up players will be permitted on a team roster.

2. Roster Deadline

- a. The roster deadline is 24 hours prior to the start of Championship Play or as set by the Junior Olympic Commissioner.
- b. Once a team has competed in any championship event, the participating players are frozen to that roster and may not compete with another team until the original team is no longer eligible for Championship Play. If a player leaves a team after Championship Play participation, they may not join another team until the original team is no longer eligible for Championship Play unless a Player Release Form has been approved by the Junior Olympic Commissioner.
- c. Once a team qualifies and accepts the berth, that team's roster is then frozen and the only way additional players can be added to the team is on a Pick-Up Player Form.

3. Junior Olympic Rosters

- a. Players may participate in more than one Junior Olympic Division (Girls Fast or Slow pitch) of play, but are limited to only one classification (A, B or C and 10, 12, 14, 16, 18) within a division of play.
- b. A player may participate as a regular rostered player on only one team within a division in championship play during a season.
- c. Once electing to participate in championship play on a team registered in a local association, the player may not play in the same division in any other local association during the current year.

GENERAL RULES FOR PICK-UP PLAYERS

Teams are permitted to pick-up three players per the USA Softball Code.

1. The team adding pick-up players must select eligible roster members from USA Softball registered teams

3. Pick-up players must be selected only from USA Softball registered teams no longer eligible for championship play. EXCEPTION: A player that has been released from a team's championship roster prior in accordance with the Player Release form.
4. Pick-up players must be from the team's same or lower classification. EXCEPTION: Players who are age eligible may be picked up by a lower age classification team. Therefore, as an example, a player who has competed on a Junior Olympic Girls' Fastpitch 16-Under team is an eligible pick-up player for any team below the 16-Under age classification if she meets that age classification criteria. Another example, once a player participates on a Class A team, she is not eligible to participate in Class B even if moving up in the age classification.
5. Players (Adult and Junior Olympics) whose teams have qualified to compete in the highest level tournaments within a classification shall not be eligible pick-up players. CLARIFICATION: A player who has competed in any Junior Olympic Girls' FastPitch National Championship Finals is not an eligible pick-up player for any other Junior Olympic Girls' National Championship Finals.
6. No player may be picked up for National Qualifiers, Junior Olympic Hall of Fame Tournaments or National Gold Qualifying tournaments.
7. In Junior Olympic divisions of play, a pick-up player may not be substituted for after participation.
8. A player may play as a pick-up player with only one team other than their rostered USA Softball registered team within a division in a season.

The appeal process shall provide the applicant with an opportunity to present his/her side of the story. An appeal may advise the Committee of incorrect information appearing in a background check report, a mistaken identity with another individual, or extenuating circumstances as to why the person should be permitted to participate despite a conviction of one of the aforementioned offenses.

Any person whose application for participation in USA Softball's program has been denied may appeal the denial within fourteen (14) days to USA Softball's National Background Check Committee by filing his/her appeal with his/her USA Softball State/Metro Local Association Commissioner. All appeals shall be in writing and sent first to the Commissioner of the State/Metro association. The written appeal submission must contain a statement of the specific grounds why the prior determination should be reversed and must be accompanied by all evidence supporting the request for reversal. With the written appeal submission, the person filing the appeal may also file any other information or evidence in support of the appeal. The USA Softball State/Metro Local Association Commissioner will review the information and make a recommendation to the National Background Check Committee in Oklahoma City, Oklahoma. Subject to the Mandatory Ineligibility requirements below, in extenuating circumstances and for good cause shown, USA Softball's National Background Check Committee shall have the authority to, but not be required to, grant an appeal and permit an individual to participate in USA Softball's program even though that person has been convicted of one of the above non-mandatory offenses (or its equivalent).

Any of the following shall constitute an applicant's mandatory ineligibility from participation in USA Softball programs: (a) an applicant's current listing on any sex offender registry; or (b) for any offense(s) marked with an "***". For all such applications, the National Background Check Committee may consider appeals based upon incorrectly reported information and/or mistaken identity but the Committee shall not have the authority to grant an appeal for extenuating circumstances or good cause shown in instances where the applicant is currently listed on a sex offender registry or has been convicted of the type of offense marked with a "***" above. Notwithstanding the foregoing, to the extent this Policy directly conflicts with any terms or conditions of any policy of the USOPC or U.S. Center for SafeSport concerning a person's ineligibility to participate, then the USOPC or U.S. Center for SafeSport's ineligibility determination or policy shall be controlling and shall apply.

Appendix G – Concussion Protocol Guidelines

Assembly Bill No. 2007, Youth Athletics: Youth Sports Organizations: Concussions or other Head Injuries.

Prior to January 1, 2017, law required a school district, charter school or private school, that offered an athletic program to immediately remove an athlete from an athletic activity for the remainder of the day if the athlete was suspected of sustaining a concussion or head injury, and prohibited the athlete from returning to the athletic activity until the athlete was evaluated by a licensed health care provider, trained in the management of concussions, and acting within the scope of their practice, and the athlete received written clearance from the licensed health care provider to return to the athletic activity. The law also required, on a yearly basis, that a concussion and head injury information sheet be signed and returned by the athlete and the athlete's parent/guardian before the athlete's initiating practice or competition.

On September 23, 2016, The Governor signed into law Assembly Bill 2007, which, on January 1, 2017, applied the above-mentioned provisions to athletes participating in youth sports organizations. The youth organizations are defined to include organizations, businesses, nonprofit entities, or local governmental agencies that sponsor or conduct amateur sports competitions, training, camps, or clubs in which persons 17 years of age and younger participate in any of the 27 designated sports. One of the designated sports is Softball. Therefore, youth softball organizations are now required to notify the parents or guardians of athletes 17 years of age or younger who have been removed from athletic activities due to suspected concussions, as specified in the following pages. The law requires youth softball organizations to offer concussion and head injury education, or related educational materials, or both, to each coach and administrator on a yearly basis, as prescribed in the following pages. The law further requires each coach and administrator to successfully complete the concussion and head injury education at least once annually either online or in person. Additionally, the law requires youth softball organizations to identify procedures for ensuring compliance with the law's requirements for providing concussion and head injury education and a concussion and head injury information sheet. The law further requires youth softball organizations to identify procedures to ensure compliance with the athlete removal provisions and the return-to-play protocol, as specified. This law applies to all persons participating in youth softball, regardless of age.
