Grand Targhee remains one of the last great independent ski resorts in America. Offering some of the best and most consistent snow anywhere, challenging as well as groomer terrain, it truly is a wonderful resort and we are happy to be going back.

The bus quote came in over 50% higher than our last trip to Mt. Bachelor or \$9,795.00, which equates to \$280.00 per person based upon 35 riders. Bottom line, this is expensive and frankly, in today's economy, bus costs like this are probably what we can expect going forward for future trips. We need to determine if skiers are willing to pay this amount or prefer to self-drive for our regional trips. **We need a minimum of 35 people to commit to paying for the bus or the trip will automatically revert to a self-drive and your \$280 will be refunded.** We will communicate these results after October 15, 2026 one way or the other to give you adequate time to make appropriate self drive arrangements and or cancellations.

Hotel accommodations, save \$100.00 from these prices if you register by June 15, 2026.

Double Occupancy per person, two Queen Beds	\$975.00
Double Occupancy per person, two Queen Beds, with bus ride	\$1,255.00

Single Occupancy per person King bed, with bus ride	\$2,090.00

50% of the above figure will be billed at the time of reservation, the balance due in full October 25, 2026.

BBSC will help/assist to pair up roommates if you wish to share a room, however ultimately you are responsible to pay for a single room should a roommate not be available or compatible after the October 25, deadline.

Once the group lift ticket prices are released, we will contact you with details and payment options.
