

**We hope you will consider supporting the Proctor/Hermantown Mirage High School Hockey program for our upcoming season.**

The Mirage is a unique blend of girls from two rival schools. Proctor and Hermantown are very competitive in many sports but once the girls come together as a team, the girls put those differences aside, work together and become lifelong friends. The Mirage has proven themselves as a top competitor in the girls' high school hockey world with back to back state

appearances and a 3<sup>rd</sup> place win at the State High School hockey tournament this past spring. We are excited for the newness of this season with a new head coach, Emma Stauber, along with anticipation of another exceptional year from the players.

We are offering advertisement opportunities in our season program. Our program reaches many area families as well as many teams from both the Iron Range and metropolitan areas. Your advertisement will also appear on our Mirage Facebook page. Your support of the Mirage will help offset costs the team incurs to travel long distances to play competitive teams across the state.

Limited program spots are available for the back and inside covers so please reply quickly with your interest as these will be reserved on a first come, first served basis.

Please see the attached sheet for options and payment information. Questions can be answered by contacting us at [miragehockeyads@gmail.com](mailto:miragehockeyads@gmail.com)

We truly appreciate your support and we hope to see you at games!
