- AYBS Umpire Coordinator has final decision on all scheduling in order to ensure:
 - Maximizing the number of youth umpires in the league for coverage and longevity
 - Ensuring skill development and quality improvement in each umpire
 - Balancing the number of umpires and shifts available in order to build umpire experience for optimal development
 - Ensuring highest quality umpires available as season progresses and for championship games
- AYBS Umpire Coordinator may allow younger umpires to fill plate positions at his/her discretion
