

BRISTOL SPORTSPLEX

Learn. Play. Together.

It is with great enthusiasm that I welcome Tri-Cities Extreme Volleyball to the Bristol Sportsplex community. The Plex is committed to the highest level of coaching and we've prided ourselves on partnering with the top organizations in select sports. Earlier this year, our indoor soccer field became the home of FC Alliance Soccer as they expanded their Knoxville club to the TRI. In the first year, we've become the top soccer organization in the region. We're doing big things in pickleball and we are so excited about being the home of TEV so we can help create the highest level volleyball experience available.

In December, we will install a sportcourt volleyball surface on an existing indoor tennis court and make it exclusive to TEV year round during the evening hours. This will allow Dale consistency of scheduling and a home to build the culture. The court has cameras that can livestream practices to The Patio Bar and Grill. So, yes, you will be able to have drinks with your friends while you watch volleyball practice on our big screen TV's, and siblings play Gaga Ball outside on the turf. Or, you can skip the practice and play pickleball, cornhole, drink coffee and work, sit in the salt room, infrared sauna, or workout in our state of the art gym. If it's a Wednesday, you can even line dance with us while you watch volleyball! We believe the ultimate purpose of sport is building a community and we've built a facility that does more than just provide courts. We want your family to become a part of our community. We want it to be your home where everyone in your family can do their thing at the same place. The Patio, gaga ball pit, cornhole, and outdoor pickleball park are open to the public. Some amenities, such as the fitness areas, salt room, and sauna, require a membership. We truly want TEV to become a part of our community so we will be offering discounted family memberships to TEV families who join before the end of the year. But, please know you don't have to join to be a part of the Plex community.

We value quality coaching and that is why we've chosen to partner with Dale. It's clear she shares our values and is serious about player development. So, we're serious about adding value to the TEV club. We know you'll enjoy The Patio during practice and being able to live stream matches to grandparents. But, we also want to add to the quality of your player development. So, we are doing the following to contribute to the quality of TEV:

- Dedicated office space for Dale.
- Included access to the speed/agility equipment and weight room to teams.
- Space for teams to do film and tactical analysis with our Playsight court technology.
- Our large social media platform to celebrate your teams and players.

- Use of The Patio for team fundraisers and team meetings.
- On-site Physical Therapist Ryan Sparks, who can assess and treat injuries along with providing high performance training.

We know volleyball culture has been nomadic with transactional relationships with various courts. That's not what we want. We want the Bristol Sportsplex to be your home and we want TEV to be a part of our community for a very long time. We want to help you retain the best coaches, develop the best players, help your kids become great leaders and teammates, and keep families together in the busy evenings. We want you to eat, drink, and play at The Patio. We want you to invite your friends to play pickleball, cornhole, and line dance. We want you to have birthday parties on our turf field and we want you to throw parties on our brand new rooftop.

For all these reasons, we are so excited to have your family become part of the Bristol Sportsplex and we're equally excited to be a part of the future of volleyball in Bristol!

Yours,

Matt and Hollie Lavinder along with the entire Sportsplex Team
