

NCBA Refund Policy

- **Before the Player's Evaluation:**
Withdrawals made before the Player's Evaluation will incur a \$75 service fee. This helps cover administrative costs and discourages last-minute cancellations that complicate the waitlist process.
- **After the Player's Evaluation:**
If you withdraw after attending the Player's Evaluation, a \$100 service fee will be deducted from your refund.
- **After Team Formation:**
Once division teams are finalized, **no refunds will be issued**. At this stage, we've already finalized rosters and released waitlisted players, making it difficult to re-balance teams.
- **Special Exceptions:**
In cases such as a pre-season injury or being selected for a school team, we may waive the service fee and instead offer a full credit toward a future season.
