

Minnesota Hockey

Classifications Definitions for the 2021/2022 Season

When a team is registered, there are four essential items that identify the team. They are the Team Name, Division, Class and Category. These four items appear on the Team – Staff Info Report and on the Official Roster. The “Team Name” will remain the same as has always been used (i.e. St Louis Park Bantam A). We will continue to call Bantams, Bantams and Peewees, Peewees, etc. The official documentation will show “Classifications” according to the Classifications as defined below. The Division (A, B, B1, B2, C, H, REC) and the Category (Travel, House, or Rec). The complete set of Classification definitions for Youth/Adult and Girls/Women with the appropriate date ranges is a selectable option in the CyberSport Electronic Registration System.
