

Concussion Webinars

GET EDUCATED!

Pacific District Concussion Protocol Education

Got questions?

- how do concussions actually occur?
- how do they primarily occur in the sport of ice hockey?
- Are concussions different in male and female hockey players?
- Are recoveries consistent, or different with every athlete?
- Can concussions actually be prevented?
- What's up with baseline testing?
- What does USA Hockey's concussion program say?
- Why does the Pacific District have its own concussion protocol?.....and what does it mean?
- Every state has different concussion laws – how do we follow them?
- *Is my program doing everything it's supposed to, according to our state laws?*

All members of the Pacific District are welcome to join one of the scheduled educational Concussion Protocol Webinars below. Primarily beneficial to program administrators, coaches, managers, trainers, parents and other volunteers (athletes may also find it interesting).

The schedule is below. However, any program or affiliate can request a dedicated webinar for their members – just ask!

Webinars have open attendance and now do not require an RSVP – Join one!

Sep 4, 2018 7:30 PM PST

Sep 6, 2018 7:30 PM PST

Sep 11, 2018 7:30 PM PST

Sep 13, 2018 7:30 PM PST

Join from PC, Mac, Linux, iOS or Android: <https://zoom.us/j/564992573>

Meeting ID: 564 992 573

Or Telephone: 1 646 558 8665

**Note: Webinars will be exactly 30 minutes in length, with time for brief questions at the end.*
