

## PARENT RESPONSIBILITIES

1. The best thing you can do to help your daughter be successful in Softball, is to play catch with her – a lot!!
2. Ensure your daughter understands and fulfills her responsibilities listed under “Player Responsibilities.”
3. Transport your daughter to and from all program events, or make arrangements for transportation (players should not be allowed to drive themselves).
4. ASA rules do not allow alcohol at games, tournament games, or practices; do not bring alcohol to any program event (violation by parents may result in the forfeit of the game).
5. Supervise your daughter at tournaments or arrange for supervision ahead of time (the coach cannot assume the responsibility for parents that do not travel with the team).
6. Arrange for and provide transportation to non-program activities or meetings while at tournaments.
7. Please have your child at a game, with shoes on ready to play, 1 hour prior to game-time, or as determined by your coach.
8. For practices, please have them there, with shoes on ready to practice, at the time on the schedule. Of course, the best way to be on time is to be early :)
9. During games, please avoid shouting instructions from the bleachers. The players need to be able to focus on what the coach is asking them to do. Information overload can be a problem. If you have any coaching suggestions or see something you would like the coach to do differently with your daughter, talk to the coach at an appropriate time, one-on-one, away from the team, and when the coach isn't occupied with other coach responsibilities.
10. **COMPLETE ALL** volunteer hours per current needs and policies or your volunteer check will get cashed. See board member with questions or [newulmgirlsfastpitch.com](http://newulmgirlsfastpitch.com).
11. **Read, sign and date the “Parent and Player Agreement.”**
